## What is the Durham Region Hamfest?

The Hamfest is an annual event bringing together manufacturers, commercial vendors and fleamarket vendors to provide communication information, services, and equipment to the communication enthusiast.

## Past and Present

This will be our **32<sup>nd</sup> annual show**. Previously the Durham Hamfest had been held at the Pickering High School with attendances starting at about 1,000 per event. Our first shows consisted of one room (750 Sq Ft.) in the school cafeteria growing to the point where we had to expand to the North Hall of the Metro East Trade Center. Recently, a retail giant purchased the section of the METC where we enjoyed our Hamfest so we have had to change venues to the Iroquois Park Recreation Centre in Whitby, ON. This site is just as accessible as METC was and is only an additional 10 minute drive from Toronto.

## Bring the Whole Family!

Come for the Durham Hamfest and stay the weekend. There are good hotels and restaurants nearby and there is lots to see and do in the area.
